FEATURED PRODUCTS

HPLC/UHPLC • GC • Sample Preparation • Accessories

Zebron™ GC Columns

- Improve analyte responses and peak shapes
- Increase sensitivity without changing selectivity
- Reduce analyte adsorption, maximizing your detection power
- Easy selection with our 4 GC collections: Essentials, Unlimited, Inferno™, and PLUS

Explore our GC options:

www.phenomenex.com/gc-column

Zebron GC Liners are available for superior sample protection! Find the perfect liner for your column:

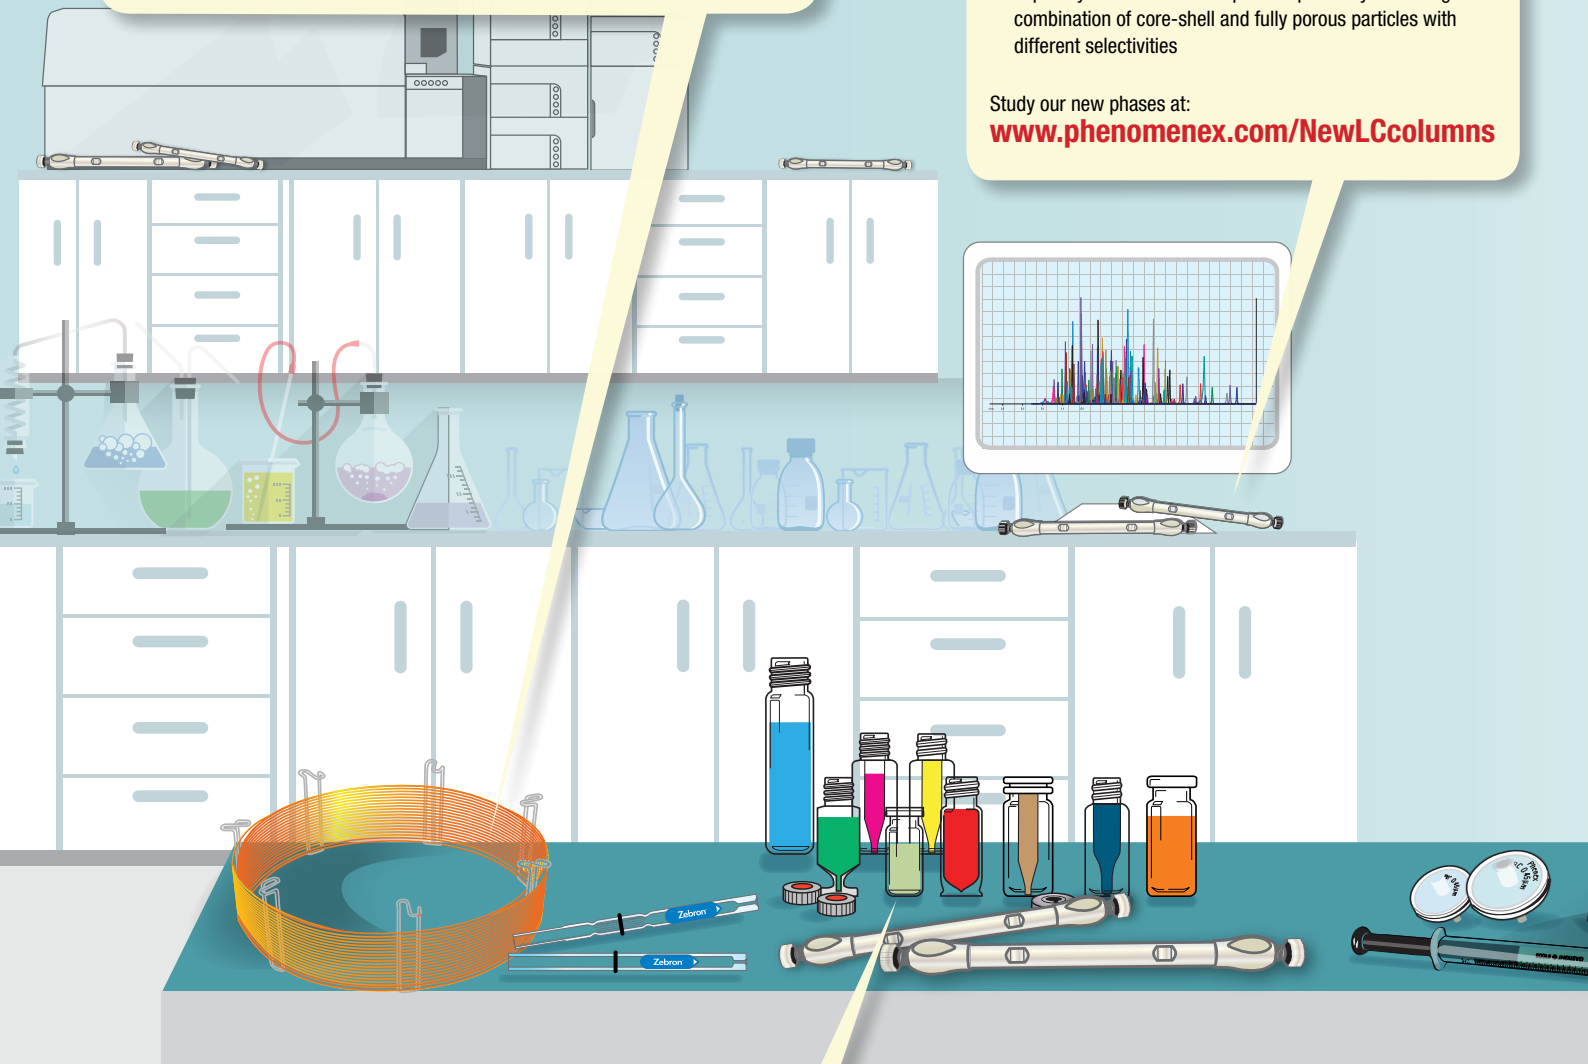

www.phenomenex.com/FindMyLiner

Luna® Omega and Kinetex® LC Columns

- Gain incredible performance, versatile selectivities and upgrade throughput
- Gain retention and resolution with enhanced polar phases
- Expand your method development options by screening a combination of core-shell and fully porous particles with different selectivities

Study our new phases at:
